Currently there are concerns as to substantial cash outflow in the years 2025-2026, which might adversely affect the liquidity position of the Company and further, the instrument also creates an unfavorable debt equity ratio for the Company.

That is, the terms of the instrument are proposed to be varied so as to result into Optionally Convertible Non-Cumulative Redeemable Preference Shares (OCRPs), convertible at the option of the Company into such number of equity shares as per the pre-agreed conversion ratio. Conversion of OCRPs into equity shares	The OCRPs shall be converted into fixed number of Equity Shares of the Issuer as determined on the date of making amendment in the terms, on the basis of an agreed conversion ratio, as follows – Series I: 3 : 1 Series II: 3 : 1 Series III: 3.5 : 1

Accordingly, the approval for variation is also being sought by passing a special resolution, which shall be subject to the consent/approval of NCRPS holders, as stated above.

Further, it is also informed to the members that since the option for conversion is with the Company and is based on the conditions as detailed in the Term Sheet above, the Company shall take requisite approvals in case the conversion option is exercised by the Company, as may be required in terms of the applicable provisions of the Act, 2013 as well the SEBI (Issue of Capital and Disclosure Requirements) Regulations 2018, the SEBI (Listing Obligations and Disclosure Requirements) Regulations 2015.
